Profile

- Lesley qualified as an occupational therapist in 2001. She has worked within the NHS and also held a position with Strathclyde Police in their Rehabilitation Centre based at Glasgow Caledonian University.
- She has worked as a rehabilitation case manager since 2003.
- She has two years experience of working in the Australian rehabilitation market.
- Lesley has delivered lectures at Glasgow Caledonian University to MSc students.
- Lesley is a very experienced and knowledgeable case manager. She has been a team manager since 2014. She is responsible for training and supporting case managers working in the multi trauma service as well as managing a small dedicated case load.

Testimonial

"I enjoy the diversity of case management and working with the individual to overcome barriers to assist them to return to their pre-accident status. I am able to use my clinical skills as an occupational therapist to promote independence at home and to ensure all treatment needs are met including psychological, surgical and physical. It is rewarding to see the individual returning to their workplace, education and normal activities having worked along side them to help them to achieve their goals".

Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
