## Profile

- Andrea qualified as an occupational therapist in 2004. She spent the first part of her career providing rehabilitation case management in Australia. She has developed very strong case management skills as a result of working in the industry for so long and has benefited from her early years working in Australia, where the rehabilitation industry is market leading.
- She has extensive experience in providing work site and ergonomic assessments as well as assessments of active daily living.
- She is also trained to provide functional capacity evaluations.
- Andrea has worked for Corporé since 2008. She is one of our most senior case managers.
- Andrea has worked as an acting team manager supporting and leading the multi trauma case management team in their training and service delivery.

## Testimonial

"I enjoy being able to make a difference in peoples lives, to help support and improve their recovery and enable them to return to their previous capacity as soon as possible. Helping people achieve their goals is very rewarding and working with motivated individuals it's such a pleasure seeing their progress and know that I was able to help".

## Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals, so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
