Profile

- Ruth qualified as an Occupational Therapist in 2002.
- She has worked within the NHS for a period of over 10 years within multi disciplinary teams (MDT).
- She has worked alongside social services and community services to facilitate safe hospital discharges and rehabilitation within hospital and home environments.
- She has worked within some of the largest Health Boards in Wales as a member of the MDT.
- She has vast experience in completing assessments relating to activities of daily living and cognition.
- Ruth has been working as a rehabilitation case manager since 2012.

Testimonial

"No day is the same in case management as there is always the challenge of ensuring we meet peoples individual needs most effectively. I feel privileged to be in a role that has such an active part in helping people achieve their goals and return to maximum level of function".

Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals, so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
