Profile

- Ceri-Anne qualified in emergency and primary health care in 1998.
- She was responsible for providing emergency and basic life support, advanced trauma management, health education and dispensing of prescriptions and health related equipment.
- She worked as an army medical technician for 12 years, working in the UK and on operation in war zones at peak times of stress.
- She has worked as practice manager of a busy medical centre during highly constrained circumstances ensuring that a high standard of health care needs were met along with compliance of clinical governance.
- Ceri-Anne has worked as a case manager since 2008.
- She has extensive experience of managing work related and psychological injuries.
- She has excellent knowledge of both NHS and private treatment services, and has experience of working closely with GP practices, social services and hospital and community treatment teams.

Testimonial

"I pride myself in my ability to offer professional case management support, respecting the clients needs and working sensitively and holistically to support them through any issues that they may experience during their journey to recovery."

Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals, so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care."
