## Profile

- Lauren qualified as an occupational therapist (OT) in 2007.
- She has worked with the NHS for 18 years both as a specialist OT and as a rehabilitation assistant.
- Lauren began her OT career in a large foundation trust where her clinical experience included neurological rehabilitation, orthopaedic trauma, community rehabilitation and general medicine and surgery.
- She has worked within the Donald Tod Specialist Prosthetic and Wheelchair centre in Liverpool with adults following acquired lower limb amputation. Following on with supporting amputee patients in the community setting.
- Following this Lauren moved to a specialist OT role working with adults in a community setting. Lauren has a wealth of experience working with adults with multiple pathologies, in complex situations.
- She has led teams within intermediate care and rapid response settings demonstrating her high level, generic skills for complex assessment of immediate need, helping to resolve crisis situations in the community.
- She has gained a wide range of skills working as a senior locum occupational therapist for the last five years. This has included specialist roles within a regional spinal injuries unit and as a specialist manual handling assessor.
- Alongside this she has worked in the private industry completing assessments, which has included occupational therapy assessments following acquired brain injury, musculoskeletal injury assessments for work based occupational health teams and housing and adaptations assessments within a social care setting.

## Testimonial

"I love being a case manager because it is very client centered and autonomous. I feel rewarded when I work with clients and professionals to overcome barriers to achieve positive outcomes for every client I work with. I get to think 'outside the box' on a daily basis to ensure that all my clients have the best possible treatment to maximise their recovery in a timely manner and to enable them to get their life back."

## Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals, so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
