Profile

- Claire qualified as a Registered General Nurse in 2001. She has a wide range of experience in Accident & Emergency, trauma & orthopaedics, general surgery, general medicine, oncology, burns and plastics, telephone triage and outpatients.
- Claire has worked both in the United Kingdom and Australia as a Registered Nurse within a variety of different settings.
- Claire has worked within the case management industry since 2005 and has during that time has gained extensive experience in assessing individuals who have experienced illness or injury and in coordinating treatment and rehabilitation in order to facilitate their recovery and return to work.
- Claire has extensive experience in providing worksite and ergonomic assessments as well as vocational redirection assessments and in facilitating and coordinating return to work through liaison with the injured party and their employer.

Testimonial

"I have worked within the case management industry for many years and throughout that time I have developed a passion for helping people to access appropriate rehabilitation in order to aid their recovery and help them to return to work. It is such a privilege to be part of someone's journey to recovery and so rewarding to know I was able to help them in some small way."

Continued Professional Development

- Corporé are committed to facilitating the requirements for on-going CPD for our registered professionals, so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
