

## David Dernie Rehabilitation Case Manager

BSc (Hons) Physiotherapy

## Expertise

- Multi trauma injuries
- Spinal injuries
- Musculoskeletal
- General medical and surgical conditions
- Complex orthopaedic injuries
- Ergonomic assessment

## Profile

- I have worked in hospitals, community and private settings, assessing, treating and managing varied and often complex caseloads. I have experience in a variety of specialities, including musculoskeletal, orthopaedics, neurosurgical intensive care, respiratory, care of the elderly, community rehabilitation, cardiothoracic surgery and neurology.
- I specialised in outpatient musculoskeletal physiotherapy where I treated and rehabilitated patients with a variety of problems including long term neck and back problems, joint and muscular pains and post-operative orthopaedic procedures.
- I have worked for the Department for Work and Pensions, and assessed individuals for Employment Support Allowance (ESA).
- When working as a Specialist Physiotherapist in the NHS, I took a lead in the planning and implementation of the in service training programme for Junior Physiotherapists and took an active role in supervising students.

## Testimonial

"I am a firm believer that everyone should be entitled to gold standard care and offered effective rehabilitation services that meet all of their needs to optimise their recovery, in a timely manner. For me, rehabilitation is holistic and should address an individual's physical, mental and emotional well-being."

## Continued Professional Development

- Corporé is committed to facilitating the requirements for on-going CPD for our registered professionals so that they can demonstrate their current competence in their chosen field.
- We have an external expert clinical panel who contribute to our clinical governance for continuously improving the quality of our services and safeguarding high standards of care.
