

Corporé

Case Management Clinical Lead

We are looking for a Clinical Lead to join our experienced team and use their clinical skills to help deliver an outstanding service, achieving levels of excellence in clinical quality and support our clients to recover and maximise functional independence.

The Company:

Corporé is one of the UK's largest independent providers of rehabilitation case management services and absence, injury and risk management.

The Role:

We are looking for a Clinical Lead to join our experienced Specialist team and use their clinical skills to help deliver an outstanding service, achieving levels of excellence in clinical quality and support our clients to return to function and independence. Reporting under the Head of Clinical, you will provide support, coaching, mentoring and advice to a team of Rehabilitation Case Managers both face to face and remotely.

From minor to catastrophic injury, the Corporé's award-winning, nationwide case management team are experts in assessing the injured party's individual rehabilitation needs. They adopt a collaborative approach to assess, implement, coordinate, monitor and evaluate the services required to address an individual's needs in order to enable them to achieve optimum recovery.

As Clinical Lead, you will be responsible for the attainment and maintenance of the clinical quality for your case management team. You will lead, train and mentor your team to ensure clinical excellence and the best outcomes for our clients.

You will have excellent interpersonal skills and the ability to operate as an effective team player across partner organisations. You will need to be able to prioritise and proactively manage your own workload and cases. Full training will be provided.
